CRITICAL KINGDOMS: STORIES OF HOPE

3 x 50' (ENG, GER)

Our world is in the midst of its sixth mass extinction. Only this time, humans are the cause. But all is not lost...

In Critical Kingdoms, we visit fragile ecosystems around the globe to share stories of hope as scientists, governments, and selfless volunteers work tirelessly to pull species back from the brink of extinction and preserve our planet for future generations. Through spectacular locations, captivating storytelling, insightful interviews and eye-popping revelations, Critical Kingdoms will inform, entertain and inspire.

Original Title:	Hüter der Natur
Year:	2021
Produced by:	Terra Mater Factual Studios, KM Plus Media, Picasso Film

1. Australia

Australia's natural kingdoms are in critical condition, but there are people who are determined to rescue them - these are their stories of hope.

2. Indonesia

In this episode, we discover stories of hope of what is being done to protect Indonesia's land and sea from the threats of deforestation, poaching, and sea pollution.

3. Afrika

In this episode, we reveal the stories of hope of Africa, including how to stop poaching, protect endangered species, and preserve the natural environment.
