KING OF THE MOUNTAINS - GOLDEN EAGLE

52'(ENG), 45'(GER, FRE)

Aerial shots of mating Golden eagles, a fight between a Golden and a White-tailed eagle and a close look into the nursery of these birds combined make a spectacular film.

This documentary gives an intimate portrait of this large predatory bird and tracks the birth and coming of age of two Golden Eagle chicks in the High Tatra Mountains, from the hatching of the eggs, until the moment when the young birds leave the nest. Tragic and funny moments make this movie an entertaining trip into the treetops of the European forests.
